

School District #62 (Sooke)

MANAGEMENT OF SCHOOL DISTRICT PROPERTY	No.: F-222
	Effective: Nov. 28, 2006 Revised: Mar. 11/08

SCHOOL BOARD POLICY

A. School District Buildings and Land

The Board recognizes the importance of developing strategies to ensure that School District facilities:

- are a healthy and safe environment for students, staff and the general public
- provide for current and sustainable educational space as required by students and the programs they are delivered.
- support an environment which contributes to student learning, achievement and well being
- enable staff to deliver programs and curriculum in the best interests of students

B. Development of School Buildings and Site Locations

The Sooke School Board believes in:

- neighbourhood oriented schools
- diverse and alternate programs to meet the needs of students
- community use of school facilities and grounds
- schools of choice and the ability of students to select any school, providing there is sufficient space in classes and sufficient enrolment in the school to make it viable.
