

Guiding Principles & Core Values

INCLUSIVITY

GUIDING PRINCIPLE: ENSURE EQUITABLE, ACCESSIBLE, AND BIAS-AWARE AI USE IN EDUCATION.

We commit to ensuring AI supports every learner. AI systems must reflect the diversity of our school communities and eliminate barriers by design. Tools are evaluated for potential bias and designed to accommodate diverse needs, learning styles and cultural contexts.

RESPECT

GUIDING PRINCIPLE: PROMOTE TRANSPARENCY, DATA DIGNITY, AND INFORMED USE OF AI.

We are transparent in how AI is used, what data is collected, and how decisions are made. Respect means being honest about the limits of AI and ensuring students, staff, and families know when AI is being used and why.

SAFETY

GUIDING PRINCIPLE: SAFEGUARD THE PRIVACY, WELLBEING, AND APPROPRIATE USE OF AI.

We prioritize the physical, emotional, and digital safety of all. AI tools used in the district are subject to vetting to ensure they meet provincial privacy and cybersecurity standards. AI must support student mental health, avoid harm and always include human oversight.

INTEGRITY

GUIDING PRINCIPLE: ENSURE EQUITABLE, ACCESSIBLE, AND BIAS-AWARE AI USE IN EDUCATION.

We commit to ensuring AI supports every learner. AI systems must reflect the diversity of our school communities and eliminate barriers by design. Tools are evaluated for potential bias and designed to accommodate diverse needs, learning styles and cultural contexts.

COLLABORATION

GUIDING PRINCIPLE: FOSTER SHARED RESPONSIBILITY AND INCLUSIVE DECISION-MAKING IN AI.

We engage students, educators, families and partners in ongoing conversations about AI. Collaboration ensures that AI tools and policies reflect the needs of our whole learning community.
